WHY ODL

CONSISTENTLY MAKING LIVES BETTER FOR 80 YEARS

From the creation of the first doorlight on record in the early 1950s, we've been committed to building value through innovations in materials and manufacturing processes. We also build value into our products through research and design. ODL knows trends and technologies that produce products for the times-and sometimes designs that push the times. We aren't afraid to be the leader. When you buy from ODL you are buying from more than just a manufacturer. We've done the research and spot the trends so you can trust that you are not only receiving a well-built quality product, but one that will meet your needs.

INDUSTRY LEADER IN SERVICE

Our customer relationships are founded on consistent performance and trust built over time.

LEGACY OF BROADER SELECTION

Our industry-leading doorglass offering combined with our extensive assortment of fiberglass and steel doors fulfills a wide range of individual tastes and market needs.

QUALITY IS OUR PRIORITY (BUILT TO LAST)

Entry solutions that work overtime, every time.

FRESH IDEAS, BIG AMBITIONS

We're always at work on what's next in security, performance, and style.

EXTERIOR DOOR COLLECTIONS

ODL is a brand you can trust. Our fiberglass and steel doors are designed with a deep understanding of our industry's wants and needs. We strive to create versatile, consistent products with excellent performance and unmatched design. Our exceptional portfolio of doorglass and enclosed blinds in combination with our doors complements any style and solves problems for entryways. Let us show you the difference.

Fiberglass Doors

FLUSH GLAZED COLLECTION

RIFT CUT

Crafted with top-quality 24-gauge steel for superior durability and tested performance, these doors are available in wood-edge construction.

20 YEAR LIMITED WARRANTY

EXTERIOR DOOR COLLECTIONS

LIFE TIME LIMITED WARRANTY

NEVER SACRIFICE DURABILITY
FOR BEAUTY

01 Durability

With minimal maintenance, a fiberglass door can provide years of durability. Unlike wood, fiberglass does not warp or rot, and unlike steel, it does not dent or rust.

Our high-density polyurethane foam core provides long-lasting structural support to prevent damage and dents.

02 Weather Resistance

Composite edge stiles work together with composite top and bottom rails and a durable fiberglass door skin to provide extra protection from water absorption, rot, mold and wood-ingesting insects.

03 Security

An enhanced lock block comes standard on all 6'8 doors. A full-length engineered lumber lock stile comes standard on all 8'0 doors, and full length engineered lumber hinge and lock stiles come standard on all 6'8 and 8'0 flush glazed doors. This premium construction feature provides a solid, natural wood feel and makes our doors stronger and heavier than traditional fiberglass doors.

04 Energy Efficiency

Constructed with a high-performance polyurethane foam core, providing superior energy efficiency by insulating against both cold and heat.

05 Authentic Characteristics

Featuring traditional embossment details, optional flush glazed construction where glass is built directly into the door, and a true square door edge for a better, more realistic wood-door alternative.

06 Finishing Touches

The fine, satin-like surface of a Satin Smooth door is perfect for painting your favorite color.

The unique, versatile woodgrain Rift Cut texture is ready to be stained to match any wood finish.

The exclusive Fine Grain texture features a tighter, finer grain and enhances the look and feel to that of a modern home.

FLUSH GLAZED COLLECTION

CLEAN STYLING. GREATER VIEWS.

Invite more daylight into your home with our flush glazed doors, designed with a clean look and 14% more viewing area. Like real wood doors and windows, flush glazed doors are engineered with glass glazed directly into the door to eliminate the need for a doorglass frame. Choose from a wide variety of glass and blind options to complement your home's architectural style in any entryway.

6'8" 3/4 Light Flush Glazed Estate Fiberglass Door | Clear Doorglass

Features + Benefits

- Experience 14% more daylight than that of traditional doorglass frames.
- A variety of decorative, privacy + textured, and classic clear glass designs with Low-E 366 options, varying aesthetics, and opacity levels creates a wide range of looks.
- Clean design details meet demand to complement today's homes from Classic to Modern.
- Offered in both stainable and paintable doors for broad appeal.
- Enhanced 4" full-length engineered lumber lock stile for rigidity, security and multipoint lock applications.
- Composite capped LVL stiles and composite top and bottom rails protect against water absorption, rot, mold and wood-ingesting insects.
- Provide exceptional energy efficiency by insulating against both cold and heat.
- Available in 6'8" and 8'0" door heights.
- Includes trimmed black glazing tape between glass and door to eliminate concerns with finish weep
- Offered as impact rated, enabling safety and security while maintaining beauty.

DOORGLASS COLLECTIONS

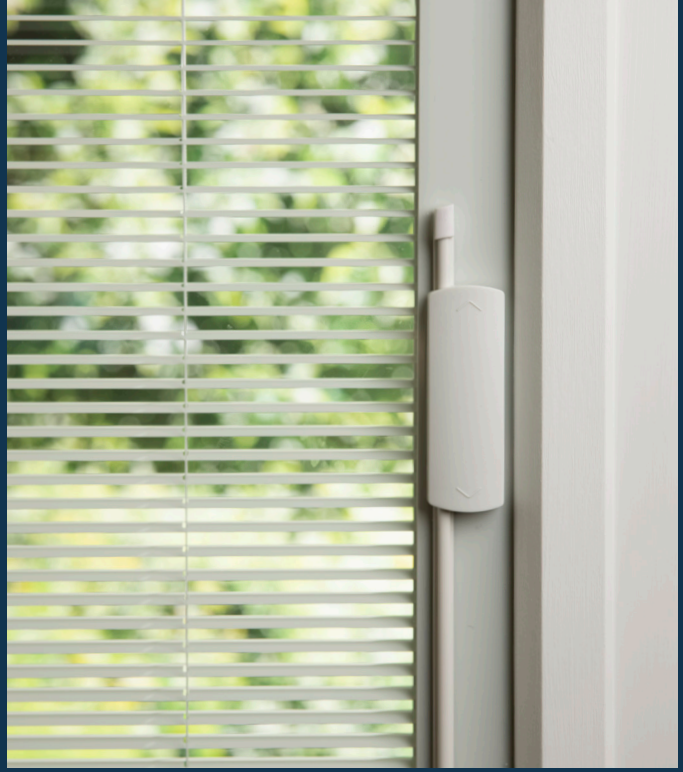

ELEVATE YOUR ENTRANCE

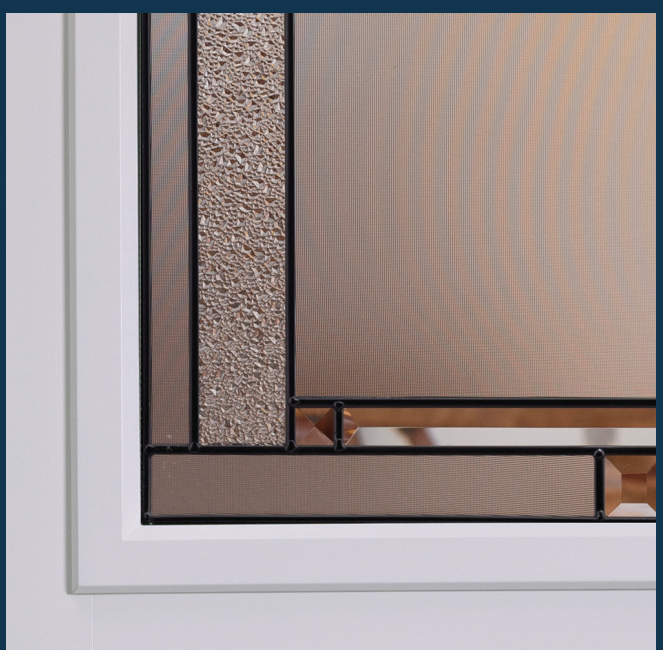

From grandiose camed decorative designs to subtle privacy + textured to classic clear–doorglass can be combined with your door's design elements to create a stunning look and a lasting impression. With 80 years of industry-leading expertise, our doorglass is engineered and crafted to be exactly what your home needs.

6'8" Fiberglass Door | 22x48 Empire Doorglass | ZEEL® Frame

We Know Doorglass

This is what ODL does. Our experience is evident in the quality of our handcrafted glass, cut and shaped for a range of home styles across the country. ODL's experience is also reflected in the quality of doorglass construction: two panels of tempered safety glass, insulated for air- and water-tight performance. When you look at any one of our decorative doorglass products, you see a cohesive composition, with many individual elements coming together to create that design.

Thermally sealed doorglass adds up to energy savings by reducing heat loss in the winter and solar heat gain in the summer. Available as an option, Low-E glass reduces heating and cooling costs, protects fabrics and carpets from fading, and reduces condensation.

STYLIZED DOORGLASS

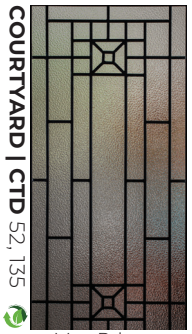

Transform your entry and elevate your home's curb appeal with our exquisite stylized doorglass. Discover a variety of patterns and textures that perfectly complement any architectural style. Let our stylized doorglass redefine your entrance while inviting natural light to enter in.

DOORGLASS FRAMES

DOORGLASS OPTIONS

For 80 years, ODL has been manufacturing top-rated doorglass framing systems, and we offer the widest array of doorglass frame styles, colors and materials in the industry to meet specific needs.

Innovation

At ODL, our mission is to be the industry leader in innovative doorlight frames, tackling challenges that others shy away from. We've made significant strides with ZEEL® and our latest offering, Keystone. ZEEL® features a sleek, versatile frame that eliminates screws and screw hole covers, thanks to its innovative clip system. Resolve® Sealant replaces wet glaze and maintains its integrity over time. The Keystone frame, designed for impact resistance, utilizes a lightweight PVC material without compromising performance.

Design

Whether you choose to highlight a specific architectural style with our Spotlights® line or want the sleek, minimal look of ZEEL®, ODL has the right frame to complement your design choice–classic craftsman or contemporary or somewhere in between.

Performance

Rigorous third-party testing assures that product performance meets design intent. ODL doorglass frames are tested to meet and exceed the North American Fenestration Standard (NAFS), including structural integrity, resistance to water penetration, air leakage and forced entry.

We Make Your Life Better®

Avoid common problems such as squeeze out, corner flare, and yellowing by choosing the right frame for your doorglass. Our excellent customer service team can help you select the frame that's right for your home.

DOORGLASS PRIVACY

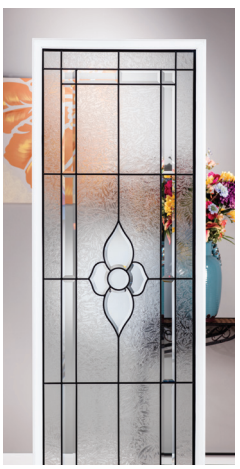

As ODL continues to add a variety of doorglass designs with different types of glass, our customers are asking questions about how we determine our privacy levels. With no industry standard, every manufacturer is free to determine what the opacity or privacy level is for their doorglass. We are leading the way with a standard test using a spectrophotometer to produce an objective number for every glass, every time.

We have eliminated arbitrary numbers and simplified our privacy levels to five categories: none, low, medium, high and maximum. We have created a Privacy Rating scale to visually show this for every doorglass design:

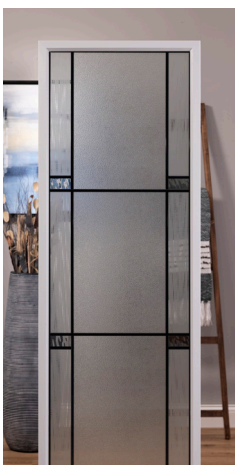

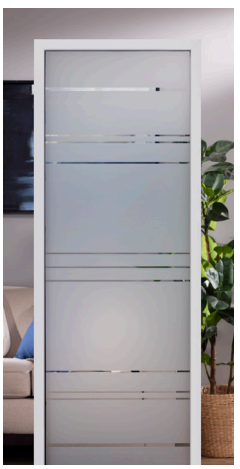

The examples below show a doorglass design that falls into each one of the five privacy level categories or go to odl.com/catalog:

NO PRIVACY

LOW PRIVACY

MEDIUM PRIVACY

HIGH PRIVACY

MAXIMUM PRIVACY

MULTI-FAMILY SOLUTIONS

We make safe, accessible, and beautiful the norm for multi-family and light commercial projects with a tailored product offering, including steel fire rated doors, STC Rated Doorglass solutions, and reinforced blocking options.

ODL offers door solutions perfect for multi-family new construction and remodeling projects. Our doors provide the durability, reliability, and style that define ODL, meeting most national and local building code requirements.

Explore our comprehensive selection of steel fire rated doors and Sound Transmission Class (STC) rated doorglass.

Reinforced Blocking for Fiberglass Doors

ODL provides specialized reinforced blocking for all our fiberglass doors, compatible with all types of commercial hardware. A single or double reinforced closure blocking accommodates regular and parallel arm closures, while 4" face stiles fit all commercial hardware, including panic bars and exit rim devices.

ADDITIONAL OPTIONS

- Select steel doors also available to be manufactured with specialized blocking, starting on page 135

Residential STC Rated Doorglass Solutions

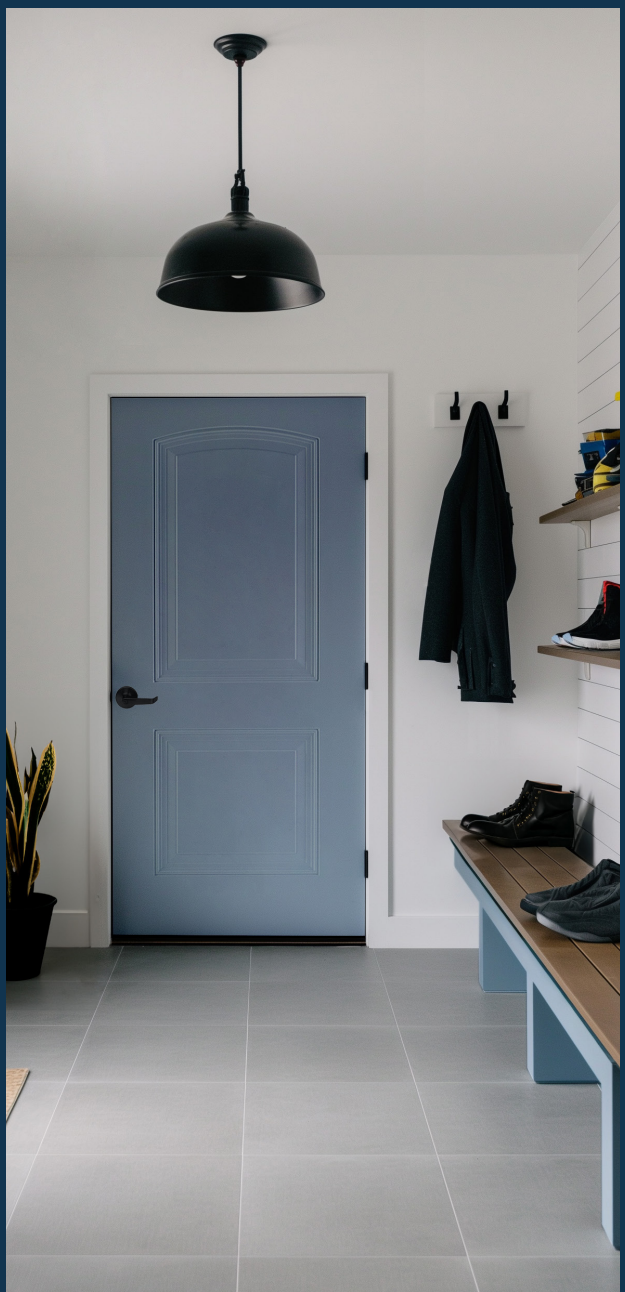

ODL's specially engineered doorglass offers commercial-level performance with the look of traditional residential doorglass. Perfect for densely populated multi-use and urban in-fill projects near noise sources, our specialty doorglass provides an impressive Sound Transmission Class (STC) rating of up to 39 dB.

Fire Rated Doors

ODL offers a comprehensive range of fire-rated steel doors. Explore our broad offering of products that meet most national and local code requirements for multi-family and residential house-to-garage-door entries.

20-Minute Fire Rated Steel Doors

- Tested to withstand at least 20 minutes of fire exposure with temperatures over 1,400 degrees Fahrenheit
- 20 minute positive pressure with hose stream up to 3'0" x 6'8"
- Look for the symbol in the Product Guides on pages 188-195 for Fire Rated Compliant Products

*To confirm code requirements in your jurisdiction, always check with your local building code authority.

EXTERIOR FIBERGLASS DOORS

FLUSH GLAZED | DOORGLASS INSERTS | PANELED DOORS

ODL fiberglass doors offer unmatched quality craftsmanship, durability, and design. Crafted with superior innovation, they provide exceptional energy efficiency, durability, and security. From textures inspired by the natural beauty of wood to our meticulously crafted satin smooth surface, our doors offer endless possibilities to make a statement. Enhance your home's style and functionality with doors that deliver outstanding value and curb appeal.

ODL offers four unique fiberglass door collections–Contemporary, Estate, Flush Glazed and Shaker–each showcasing its own distinctive personality and attributes, thoughtfully designed to suit your preferences and complement your home style.

*Please note that SDL kits are sold separately.

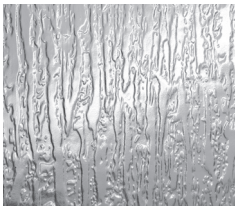

Enhance your ODL Flush Glazed fiberglass door with our SDL bar kits in narrow or wide bar configurations. Narrow bars are pre-cut to size, while wide bars are 25" long and can be trimmed to fit. Available in paintable and stainable finishes, these kits are easy to install and require minimal maintenance.

To select the correct door code for Privacy + Textured glass, simply replace the CL code with your chosen glass option.

SIMULATED DIVIDED LIGHTS

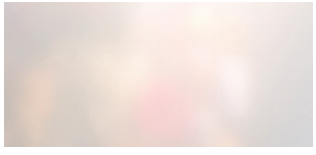

AVAILABLE IN OAK AND WHITE | To get the correct door code, replace the "CL" code with your chosen glass option.

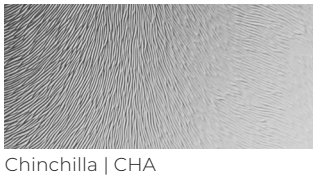

ADA Compliant

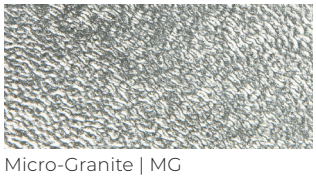

Baroque | BQ

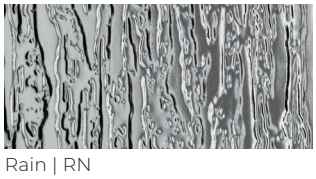

Blanca | BLC

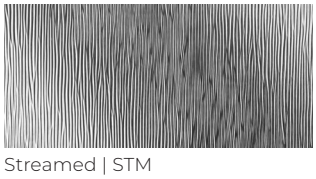

Chinchilla | CHA

Micro-Granite | MG

Rain | RN

Streamed | STM

Vapor | WPR

Clear/Low-E | CL

A PRACTICAL, ELEGANT TAKE ON TRADITION

Enjoy the charm of a true divided light appearance with the energy efficiency of a single pane. A mill finish internal grille and backing strips combine to deliver the look of real wood muntins—without the maintenance.

TRADITIONAL SDL CONSTRUCTION

Traditional SDL bars are injection-molded directly into our Evolve® Frame, eliminating the need for separate grille application. This integrated design provides a cleaner, more precise fit to the glass surface. Evolve frames are available in white or oak FiberMate® material.

SPECIFICATIONS

- Low-E Clear, and Low-E Textured Glass Options (see left)
- Traditional 1-1/8" External Grille (SDL)
- 7/8" Internal Grille
- Frame Options in Oak or White

SPOTLIGHTS® COLLECTION

AUTHENTIC DESIGN FOR THE ARCHITECTURE ENTHUSIAST™

The Spotlights® Collection from ODL beautifully combines timeless elegance with contemporary style, offering a variety of door and glass designs that let you express your architectural vision. Featuring sharp, defined contours and refined geometries, this collection provides the perfect way to make a bold statement at your home's entrance.

Whether you're drawn to sleek simplicity or bold, modern silhouettes, the Spotlights Collection allows you to create a welcoming focal point that reflects your personal taste, budget, and design sensibility. It's about more than just a door—it's about making a lasting impression that honors both tradition and innovation.

Put the spotlight on your home with a door that captures the essence of your unique style, transforming your entry into a true architectural expression.

6'8" Fiberglass Door | Chinchilla Doorglass

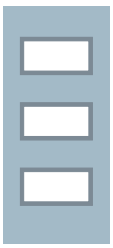

01 Start with a Configuration

Design a look that fits your home's style.

22 x 10

11 x 5

22 x 3.5

12 x 12

7 x 64

02 Choose a Texture

Each configuration is available in any of these door textures.

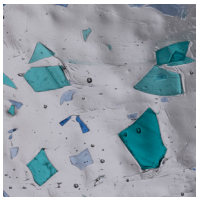

Rift Cut

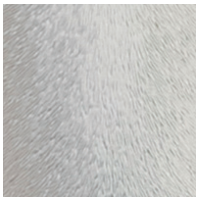

Satin Smooth

Steel Mark®
Steel Mark® Plus

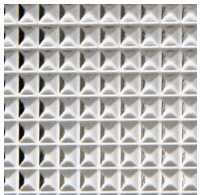

03 Select a Glass

Pick the perfect glass design to complete your entryway. To get the correct door code for Privacy + Textured glass, replace the "CL" code with your chosen glass option.
