EnVision®
NYLON

DURABILITY, STRENGTH, & COMFORT

EnVision® carpets are made from Nylon fibers creating the perfect balance of softness, comfort, and long-lasting durability. Nylon is so durable, it is trusted for use in airbags, parachutes, auto parts and many other applications, and is stronger than other carpet fibers. These are a few of the reasons we trust it for our carpets and your home.

STAIN & SOIL RESISTANCE

EnVision® carpets are meant to be enjoyed and lived on because Nylon fibers are harder to stain. Resistance to soil and stains from all foods & beverages is part of the fiber performance, and EnVision® nylon is up to the task!

EASY TO CLEAN

EnVision® carpets are designed with maintenance in mind. The stain and soil resistant properties make cleaning easy when "life" happens.

COLORS OF LIFE

EnVision® carpets have a unique ability to lock color in - and stains out. EnVision® carpets are available in an extensive range of timeless and trending color options.
