PVC-FREE RIGID CORE FLOORING

MINERAL COMPOSITE CORE

- **100% Waterproof**
- Dimensionally stable (-40° - 150° F)
- Designed for bathrooms, kitchens, below grade, and three season rooms

SECURE LOCKING SYSTEM

- **Covers 100' x 100' without transitions**
- Updated angle-angle system
- Stronger 1200 lbs/ft
- Score and snap
- Dust Free — No power tools needed

ACOUSTIC ATTACHED UNDERLAY

- **IIC 61 dB • Delta 22 dB STC 53 dB**
- Quieter underfoot than laminate or traditional wood flooring
- Superior support of locking system

LOW MAINTENANCE

- No special cleaning agents required
- Safe to wet, steam and damp mop

ZERO WASTE

- Residual waste is recycled back into the product
- 100% recyclable (local conditions may apply)

PERFORMANCE SURFACE

- **Engineered not to stain or fade**
- Excimer Lacquer with matte finish and PP film layer for AC4 wear and best-in-class dent & chip resistance
- Ink remains color accurate for its lifetime
- **Warranty:**
 - 40 yr Residential
 - 5 yr Commercial

CERTIFIED SAFE

- **No PVC, formaldehyde, phthalates or plasticizers.**
- GreenGuard Gold, Blue Angel and CE certified and ECO institut tested

Elandura floors are so safe that they've passed the Standard Consumer Safety Specification for Toy Safety, ASTM F963. This means you can trust Elandura to provide safe flooring that will not cause any harm.
